Our passion at We Believe is:

We are an expanding and diverse community of service-minded students and educators from the Maritime provinces and the State of Maine that come together to take part in service learning, that helps to make a positive change in our local and global communities.

Our focus at We Believe is:

- To provide year-round educational resources, in both English and French that help students and teachers to learn, select, activate, and deliver service-learning opportunities to both global and local communities.
- To promote volunteering and to celebrate our students and educators by bringing them together to be empowered by world-renowned leaders, performers, and speakers to celebrate their service and inspire our youth to continue their work in the years ahead.
- To provide a top notch Empowered To Ride mountain bike program for our youth to realize the importance of community and how together we can all make a difference.

- To provide speakers and performers who desire to shine a light on issues that young people care deeply about, including accessibility, homelessness, hunger, mental health, race, equality, bullying, and the environment.
